r topic on social networks for the past few years. According to the rumors, several peopl
e have fallen victim to these specters. Those fortunate to survive their encounters with
the paranormal beings claim that they resembled glitched holograms. Hazakura Academy midd
le school student Hiro Amanokawa believes these sightings are merely an urban legend. How
ever, as the incidents start to increase in frequency, he is reminded of the day his fath
er suddenly vanished, with strange digital watches serving as the only relics of his disa
ppearance. Much like the other sightings, what happened to Hiro’s father cannot be explai
ned by conventional logic. One day, when a fellow student in the academy is attacked by a
 Hologram Ghost, Hiro and his friend Kiyoshirou Higashimitarai decide to look into the ma
tter. Little does Hiro know that this investigation will be their first step toward disco
vering a dangerous world previously unknown to mankind. [Written by MAL Rewrite]

Blue Lock
Synopsis: Yoichi Isagi was mere moments away from scoring a goal that would have sent his
 high school soccer team to the nationals, but a split-second decision to pass the ball t
o his teammate cost him that reality. Bitter, confused, and disappointed, Isagi wonders i
f the outcome would have been different had he not made the pass. When the young striker
returns home, an invitation from the Japan Football Union awaits him. Through an arbitrar
y and biased decision-making process, Isagi is one of three hundred U-18 strikers selecte
d for a controversial project named Blue Lock. The project's ultimate goal is to turn one
 of the selected players into the star striker for the Japanese national team. To find th
e best participant, each diamond in the rough must compete against others through a serie
s of solo and team competitions to rise to the top. Putting aside his ethical objections
to the project, Isagi feels compelled to fight his way to the top, even if it means ruthl
essly crushing the dreams of 299 aspiring young strikers. [Written by MAL Rewrite]

Synopsis: Ever since the death of his grandfather, Yasuji, Kousuke Kumagaya has grown distant from his close friend, Natsume Tonai. Having grown up together like siblings in the same apartment building, the two now find themselves at odds with one another due to Natsume’s inability to let go of the past. This rift is further exacerbated by the news that their former complex will soon be demolished. Hearing about a ghost that is supposedly haunting the old complex, Kousuke’s friends drag him into the demolition site to look around. When Kousuke finds that Natsume is also there, they get into an argument over an old camera that once belonged to Yasuji. This results in Natsume running off with it, but just as she is about to fall off the rooftop, a torrential downpour envelops the entire building, flooding the ground around it. The young children now find themselves drifting at sea with the apartment building acting as their ship. Unable to communicate with the rest of the world, Natsume and Kousuke must reconcile their differences if they want to stand a chance at finding their way home. [Written by MAL Rewrite]

Synopsis: Following the conclusion of the large-scale coalition campaign, the entirety of China is in a state of economic recovery. The victor of the battle, the state of Qin, is no different. There, the political parties led by Ying Zheng and Buwei LÃ¼ continue their inner conflict. Having played the role of king in the coalition battle, Zheng has the trust of the peopleâ\200\224but LÃ¼ is far from out of the fight. In 18 months, he plans to interrupt Zheng’s coming-of-age ceremony. Meanwhile, a Zhao army numbering 20,000 troops has set out toward Qin. In the royal court, due to the lack of generals capable of responding to the incoming threat, LÃ¼ slyly suggests that Zheng take command. However, Cheng Jiao, Zheng’s half-brother, volunteers instead. As they grew to trust each other during the coalition battle, Zheng now accepts Jiao as his replacement. However, the Zhao forces retreat a mere half-day after clashing with Jiao’s army. With trouble quickly brewing in the shadows, the internal struggle of Qin is only complicated further. There are only two men Zheng feels he can rely on: Bi, a general who commands 30,000 men; and Xin, the leader of the Fei Xin force. [Written by MAL Rewrite]

Elianna Bernstein, daughter of a baron of the Sausland Kingdom, is no different. But instead of being called a bookworm, she is known as the Bibliophile Princess. Despite having to inherit a title of great responsibility, she agreed to the proposal, enticed by the prospect of gaining access to the royal archives housing a wide selection of books. To this day, Elianna firmly believes that her engagement is void of romantic sentiment. When she notices Christopher's interactions with another girl, she presumes that the days she spends with him will soon reach an end. Pukkulapottas to Mori no Jikan
Synopsis: This account summarizes what I experienced between spring and summer of that special year when all human and material activities came to a standstill. I had retreated to my highland forest lodging away from the city, and while I was pent up there avoiding human contact, I chanced upon evidence of mysterious creatures in my yard. So I set up a surveillance camera, which to my surprise captured images of miniature humanlike beings about 15 centimeters tall. I named them "Pukkulapottas" and followed their activities daily with my camera, but as spring turned to summer and people began moving about again, I lost my ability to see them. This experience has prompted me to ask the question whether all the truths in this world are confined to what our eyes can see. (Source: Official Site)

Kagami no Kojou (Lonely Castle in the Mirror)
Synopsis: In a tranquil neighborhood of Tokyo, seven students are avoiding going to schoolâ\200\224hiding in their darkened bedrooms, unable to face their family and friendsâ\200\224until the moment they find the mirrors in their bedrooms are shining. At a single touch, they are pulled from their lonely lives into a wondrous castle straight out of a Grimm’s fairy tale. This whimsical place, oddly lacking in food and running water but full of electrical sockets, is home to a petulant girl in a mask, named Wolf Queen and becomes their playground and refuge during school hours. Hidden within the walls, they’re told there’s a key that will grant one wish, as well as a set of clues to find it. But there’s a catch: the key must be found by the end of the school year and they must leave the premises by five o’clock each day or else suffer a fatal end. As time passes, a devastating truth emerges: only those brave enough to share their stories will be saved. And so they begin to unlock each other’s stories: how a boy is showered with more gadgets than love; how

another suffers a painful and unexplained rejection, and how a girl lives in fear of her predatory stepfather. As they struggle to abide by the rules of the game, a moving story unfolds, of seven characters trapped in a cycle of misunderstanding and loneliness, who are ultimately set free by the power of friendship, empathy, and sacrifice. His homeroom teacher, Tanaka, summons him to her office after he declares that his post-high school plans are to marry her. Tanaka rejects Murai, telling him that she would never be interested in a boy with long, black hair. Secretly an otaku, she has eyes only for Hitotose, a character from an otome video game. The next day, Murai appears before Tanaka a changed man. Having cut his hair short and dyed it blond, Murai looks exactly like her beloved Hitotose. Tanaka is unable to hide her shock at this sudden development and tries to distance herself from Murai, while Murai presses on in his attempts to romance his teacher. (Source: Disney+)

Edomae Elf (Otaku Elf)
Synopsis: For more than four hundred years, the Takamimi Shrine has stood in Tokyo, enshrining the local goddess: Elda, a magical elf summoned from another world. The immortal elf has been served for 15 generations by the family who summoned her in the Edo period. Now, after Koito Koganei turns 16 years old, this responsibility falls onto her. Serving as Elda’s shrine maiden, Koito must balance her responsibilities with her daily school life. This proves to be difficult because Elda is a total social recluse who loves video games, collecting toys, and eating snacks. In an effort to get the lazy shut-in to experience more of the outside world, Koito juggles her time between indulging Elda’s various hobbies and getting her to interact with the rest of humanity. Along the way, Koito learns more about the history of the area and what makes the goddess so loved and spoiled by the locals. [Written by MAL Rewrite]

Noman
Synopsis: In 1968, a Phantom Moon is observed over the world. At the same time, a young boy named Nakajo Taku must accompany his father to an important business call. Once there, Taku and his family meet up with Louis Boudre and David Flight, two humans with supernatural abilities. Taku is able to learn telekinesis from these two men. Soon after, they are all seized against their will by a strange man, and transported 500 million years in the past to the moon. There, Taku meets Price Noman, and it's up to them and the Noman Rangers to put a stop to the intergalactic war between humans and aliens. The pilot was partially in color, and ran for exactly 12 minutes and 20 seconds. It is unknown why the pilot was never serialized, but one could speculate that it was because of financial reasons. Another pilot made around the same time, Zero Man, was cancelled early into production due to Mushi Pro struggling to fund the show. Seeing as how the Noman pilot was nearly three times as long as the Zero Man pilot, it's easy to see how Mushi Pro would struggle financially with such a production. (Source: Lost Media Wiki)

Busu ni Hanataba wo.
Synopsis: Despite what the meaning of her name would suggest, Hana Tabata bears no resemblance to a flower. Her eyes are too small and her limbs are far from slender. She is, in fact, "ugly," and as such, knows that cute things and a fairy-tale romance are out of her reach. Yet this does not stop her from daydreaming every morning as she tends to the school's beautiful flower beds that contrast her appearance. One day, a casual encounter puts Tabata in contact with her classmate, Yousuke Ueno, who is well known for being both handsome and extremely kind. Why would such a popular student associate with a background character like her? To Tabata, it is an unfathomable situation, but can Ueno show her that looks aren't everything? Synopsis: In the near future, 10 percent of the population will consist of Humanoidsâ\200\224machines with advanced functions and artificial intelligence resembling human personalities, easily recognized by their sideways pupils. These specialized patients likewise require a special doctor. By day, Dr. Hikaru Sudou runs a medical clinic for Humanoids; by night, under the moniker of Moggadeet, he performs illegal procedures and gathers information about his lost mother. Hikaru encounters patients with varying problems unique to this society: a Humanoid struggling with the question of whether she and the source of her backup data are the same person, a teenage Humanoid who cannot improve athletically, and even a robot teddy bear with memories of multiple owners. As the world’s technology constantly evolves, newer and more complex questions surrounding humanity arise.  who prefers loose clothes and flashy jewelry, a complete contradiction to her false prof

 the Xianyu Sect of the Northern Territory and became the seventh disciple of Feng Lingzi
 in Misty Peak. But because the system was artificially modified by an unknown person, he
 was trapped in the game. Only by completing the final mission: saving the world can you

 is so dedicated that it can only point to defense, Li Xiaobai started the main storyline
: Zongmen Grand Competition. In the competition, Li Xiaobai broke into the top ten with f

monsters and win the opportunity to study in the Holy Demon Sect. Enter the main plot fro

m here: the beast mountain range. In the forest, Li Xiaobai and Liu Jinshui, the sixth se

port escape from the battlefield. He was trapped in place and was seriously injured. At a
 critical moment, Li Xiaobai’s alias Zhang Rui relied on the ancient heaven-reaching tali

 a beauty skin mask, calling himself Ye Liangchen, so as to avoid the pursuit of evil cul
tivators. After winning a business battle with an aristocratic family in the city and get

 participate in the Young Talents Conference. At the meeting, Li Xiaobai was designed to
sit in the challenge position. Fortunately, with the blessing of the system, he defeated
his opponent. However, young talents did not achieve it. After discussing with the old be

one to exchange labor for the time limit for bathing. So far, Li Xiaobai has completed th

entry test. During the test, Li Xiaobai successfully entered the Holy Demon Sect by virtu

and cultivation. Li Xiaobai met his brothers and sisters. Participate in the Zongmen mart

 go to the secret realm. At this time, Feng Wuxie came to the door suddenly, saying that
Li Xiaobai was found by the evil cultivators pretending to be Zhang Rui, and a group of e
vil cultivators were attacking the Xianyu sect at this time. Everyone returned to the sec

Dog Signal
Synopsis: After his girlfriend Yuuko breaks up with him, Miyu Samura's luck is at an all-time low. But one day several months later, she reappears and gives Miyu a toy poodle she supposedly cannot take care of. Miyu's knowledge of dogs is nonexistent, and the puppy's rowdiness leaves him in danger of being evicted from his own home. When Miyu decides to take the puppy on a walk, he has a chance encounter with professional dog trainer Shinichirou Niwa and Niwa's well-behaved standard poodle Ourson. In just a matter of minutes, Niwa not only corrects the attitude of Miyu's dog, but also gives Miyu himself stern advice on how to treat his pet properly. Amazed by Niwa's techniques, Miyu decides to quit his job in order to become the trainer's assistant; however, Niwa is not as skillful in dealing with humans as he is with their canine companions. Even so, Miyu refuses to give up on Niwa and his failing business. [Written by MAL Rewrite]

Overtake!
Synopsis: Ever since he published a picture that sparked a wave of online harassment, freelance photographer Kouya Madoka has lost everything: his wife Saeko Yukihira, his confidence, and his courage to photograph people. However, years later, a job offer introduces him to the exhilarating world of Formula 4 (F4). A single fierce battle between the amateur drivers in the junior category of open-wheel car racing becomes enough to make Madoka unable to put his camera down. When Komaki Motors' Haruka Asahina bursts into tears on the track, Madoka manages to capture this vulnerable moment. This photo eventually leads Madoka to an impulsive decision: he will help sponsor both the Komaki team and Haruka himself. But the unreasonable costs of the sport quickly cause Madoka to reassess his ambitions, and he seeks different ways to support the severely underfunded F4 team. Despite the uphill battle, Madoka's determination for Haruka to succeed may be the trigger that can propel the young driver straight to the top. [Written by MAL Rewrite]

Ishura
Synopsis: After the demise of the demon king, the resulting power vacuum has broken the balance of the world. Eager to claim this power for themselves, self-proclaimed demon kings from various worlds assemble in the New Principality of Lithia to fight for it. Among them, master swordsman Soujirou Yagyuu seeks to take this coveted position for himself. Joined by Tooi Kagizume no Yuno, a young girl he saved from an army of golems that destroyed her city, Soujirou enters Lithia to battle his way to the title. At the same time, the leaders of the Aureatia Kingdom seek to destabilize Lithia by launching bandits after the convoys of merchandise transiting through the principality. Enraged, Imashime of Taren, the founder of Lithia and defector from Aureatia, sends vicious thief Kasasagi no Dakai to investigate the origin of these attacks. With war on the brink of eruption, no one can predict what influence the contenders for the demon king's throne will have on the coming conflict. [Written by MAL Rewrite]

Oooku (Å\214oku: The Inner Chambers)
Synopsis: Edo-period Japan stands strong and proud, decades after its imminent doom was prophesied. The new shogun, Yoshimune "Nobu" Tokugawa, encounters an array of traditions that, to her modern judgment, make little sense. An epidemic exclusively rages among men, resulting in men making up only one-fifth of the population. Still, three thousand young, agile, and beautiful men serve in the Oookuâ\200\224the shogun's Inner Chambers. To unearth the origins of the existing hierarchy where women head their families and govern the nation, Nobu reviews the chronicles of the odd disease. Customs and traditions have changed to accommodate for the plague; these new laws dictate the current culture and reflect the cruel story of the first female shogun, Iemitsu Tokugawa. Most notably, these customs seem to lead back to the moment a young monk, Arikoto Madenokoji, must abandon his way of life and devote his remaining days to the shogun and her Oooku.
