Synopsis: Poor Shinichirou Asano has the worst of luck. His parents abandoned him and ran off to Europe. If that isn’t bad enough on its own, they barely left him any money to take care of himself. In order to pay rent and keep a roof over his head, he has to work. Unfortunately, he was just fired from his last job and as a high school student, he doesn’t have many other prospects. One evening, he’s attacked by a centipede monster on his way home. Shinichirou is saved by a mysterious girl with a bow and arrow, who he later discovers is Sakuya Shimazu, a beautiful student who attends his school. But when he later helps an injured girl, he discovers two things. First, the injured girl isn’t human at all but rather a nekomata, a two-tailed demon cat. And second, Sakuya comes from a family of exorcists, who’ve protected humanity from rogue monsters and spirits for generations. Because Shinichirou was responsible for releasing the nekomata, Sakuya enlists his help in recapturing the demon, but that’s just the beginning of Shinichirou’s relationship with Sakuya. It turns out the Shimazu family needs a housekeeper and it just so happens that Shinichirou excels at cooking and likes to clean! It may not be his dream job, but if it pays the rent and puts food on the table...

Mochimochi no Ki (OVA) (The Tree of Courage)
Synopsis: Five-year-old Mameta lives with Grandpa. He’s a timid boy, who always wakes Grandpa up to accompany him when he has to go to the outhouse in the middle of the night. The shadow of the giant horse-chestnut tree in the yard scares him. Grandpa tells him that just once a year, on November 20, a single brave child sees a light in the tree, but Mameta is still too scared and goes to sleep. But that very night, Grandpa suffers from intense stomach pain, and Mameta, forgetting his fears, races barefoot down the mountain to summon the doctor. On the way back up the mountain, the doctor carries him piggyback, and from his perch on the doctor’s back, Mameta sees a light in the tree. Even so, the next night and the night after, he continues to ask Grandpa to go with him to the outhouse. The moral of the story is summarized in Grandpa’s words to Mameta: "You should never think of yourself as weak or timid. So long as you have caring in your heart, you’ll find that you’ll be able to do what needs doing." (Source: booksfromjapan.jp)

Yasuji no Pornorama: Yacchimae!!
Synopsis: Based on the manga by Tanioka Yasuji. Japanese society, in the opinion of Pusu-o, "satisfies all the urges of hunger, but not the urges of the loins." Then again, Pusu-o is scrawny, awkward and hardly the handsomest guy in town. More to the point, in matters of a romantic nature, Pusu-o conducts himself with an absolute lack of grace, restraint and general respect for women. Not surprisingly, his sex life is an endless succession of obnoxiously over-the-top come-ons and maniacal attempts to get some action, all of which culminate in total strike-outs. Pusu-o’s own father is soon on hand to add insult to injury (the injury being the constant, gushing nosebleeds Pusu-o endures â\200\224 the nasal blood geyser being Japanese cartoon shorthand for sexual frustration), and the cock blockage continues at Pusu-o’s new job as a car salesman â\200\224 until a trio of older women misinterpret his advances, intended only to make the pretty Yukiko jealous. The antics continue at a later date, when the married Pusu-o is cuckolded by an horny little birdie. When the humiliated surrogate dad witnesses the sexual prowess of the tryst’s offspring, matters culminate in a finale worthy of the most bombastic Japanese tragedy. (Source: AniDB)

Ubasuteyama
Synopsis: Once upon a time, there was a lord in Shinano Province who hated old men. In accordance with the rules of the province, a person was exiled to an island when they turned 60 years old. On the night of August 15th, there was one such farmer woman, but her son loved her, and took her to a mountain to leave her there instead of turning her over to the cruel officers. However, he felt sorry about what he was doing and hid her under the earthen floor of a barn. One day, a messenger of the lord of the neighboring province was sent to the lord of Shinano Province making an unreasonable demand that a silk thread be threaded through a winding hole in a crystal ball and threatened that force would be used unless the task was done. The devoted son consulted with his mother, and she taught him a method in which you put honey around the end of one hole and let an ant tied with a thread go through it from the other end. The lord rewarded the son. However, a messenger was sent from the neighboring province again demanding that they identify which of two identical mares is the parent and which is the child. The son asked his mother again and then told the solution to the lord. When told by the lord that he would grant the sonâ\200\231s wish, he pleaded for his motherâ\200\231s life. Since then, old men and women have been treated with respect and are no longer exiled. (Source: Japanese Animated Film Classics)

Synopsis: "47 Prefecture Dogs" is a short flash animation from a voice over variety TV pr
ogram in Japan called "SAY! YOU! SAY! ME!" The animation takes Japan’s 47 prefecturesâ
\200\224or more specifically, the local delicacies or famous landmarks from each of the r
egionsâ\200\224and gives them a canine makeover. For example, the "Fukuoka-ken" (Fukuoka
dog),â\200\224Fukuoka of course being home to asianbeat HQâ\200\224uses the delicacy "men
taiko" (spicy pollack roe) as the motif for its canine characterization. Each of the char
acters are played by voice actors that hail from each of the individual prefectures, "Fuk
uoka-ken" being voiced by Fukuoka’s Kana Asumi. Another feature of this anime is the use
of regional dialect. All the dogs speak in the dialect of their individual prefectures. S
o for the Fukuoka dog you hear a lot of "˜to" and "˜to yo" at the end of sentences; for t
he Aichi dog it’s "˜dagane," and for Ehime, "˜zonamoshi," etc. (Source: AsianBeat.com, ed

Ticonderonga no Iru Umi
Synopsis: Based on a children’s picture book of the same name. On December 5, 1965, a U.S. aircraft carrier is en route from Vietnam to Yokosuka, Japan. While conducting training exercises 80 miles off Okinawa, an A4 strike aircraft is loaded with a B43 hydrogen bomb, but it falls overboard and sinks in 16,000 feet of water. Based on the true story of the USS Ticonderoga, which reached Japan two days later (on the anniversary of Pearl Harbor; nice touch). Neither side revealed the incident, nor that she was carrying atomic weapons in contravention of U.S. treaties with Japan. The plane, its pilot, and the bomb were never recovered, and the incident was only declassified in 1989, causing an outcry in Japan and resulting in this environmentally themed anime. The extra "n" in Ticonderonga may be a genuine error in transcription or an attempt to distance the story from real events, since the anime continues with Ashika, a boy from a Japanese fishing town, contacted by telepathic whales who bring him visions of fearful seamonsters. Then again, if you were a whale given a choice between nuclear contamination and talking to Japanese fishermen, which would you choose? (Source: The Anime Encyclopedia)

Modern
Synopsis: I finished this film in only two months after the completion of Playground. Ins
pired by optical illusions, like Escher’s paintings, I made the film using isometric draw
ings. my idea was to make a great film using only transformations of rectangular parallel
epipeds. I applied the method of geometric animation, a technique used in Metropolis, in
this film. Along with "cell" animation, I continue making films with the application of t
his method. Hopefully, I will eventually discover a third alternative method to use in my

films. (Source: Mirai Mizue)

Synopsis: Two souls, living very different lives, wander alone and isolated in their respective worlds. For nine-year-old Ren, the last person who treated him with any form of kindness has been killed, and he is shunned by what is left of his family. With no parents, no real family, and no place to go, Ren escapes into the confusing streets and alleyways of Shibuya. Through the twists and turns of the alleys, Ren stumbles into the intimidating Kumatetsu, who leads him to the beast realm of Shibuten. For Kumatetsu, the boy represents a chance for him to become a candidate to replace the lord of the realm once he retires. While nearly unmatched in combat, Kumatetsu’s chilly persona leaves him with no disciples to teach and no way to prove he is worthy of becoming the lord’s successor. While the two share different goals, they agree to help each other in order to reach them. Kumatetsu searches for recognition; Ren, now known as Kyuuta, searches for the home he never had. As the years pass by, it starts to become apparent that the two are helping each other in more ways than they had originally thought. Perhaps there has always been less of a difference between them, a boy and a beast, than either of the two ever realized. [Written by MAL Rewrite]

Momokuri
Synopsis: After taking one hundred secret photos and observing him from afar for months, second-year high schooler Yuki Kurihara has finally mustered up the courage to ask out her first-year crush Shinya "Momo" Momotsuki. Although taken by surprise, the bashful Momo accepts; however, he does not know the profoundly abnormal truth. As her strait-laced friend, Norika Mizuyama, has observed, Yuki has developed some unnervingâ\200\224but nonetheless sincereâ\200\224habits: taking pictures of Momo in secret, doing extensive research into his personal life, collecting his used straws, and even going "Momo watching." Though Momo remains blissfully unaware of his new girlfriend’s peculiar habits, he does notice some oddities in their daily conversations. Still unsure and nervous about his first relationship, Momo finds himself regularly getting into awkward interactions due to his inexperience, but nevertheless resolves to make his new girlfriend happy. Momokuri follows Yuki and Momo as they shyly explore their newfound love, and also deal with the problems that arise from it. [Written by MAL Rewrite]

Everyone at the mansion is required to wait, and when the kids arrive, somebody has to entertain them . Mak recounts his life to them and he particularly emphasizes the closeness he had with his mother. From his days as a kid to his formative young adult years, sheâ\200\231s prot ected, given her sage advice and raised him like any mother would. She even tried to be a superhero, but an astronaut she is not. The metaphors are obvious, because the hospital she goes for that â\200\234space trainingâ\200\235 means she is ill. To a very young mind , to process certain situations can be tough. The universal messages are understood. The Mak family was never rich. Monster Musume no Iru Nichijou
Synopsis: With his parents abroad, Kimihito Kurusu lived a quiet, unremarkable life alone until monster girls came crowding in! This alternate reality presents cutting-edge Japan, the first country to promote the integration of non-human species into society. After the incompetence of interspecies exchange coordinator Agent Smith leaves Kimihito as the homestay caretaker of a Lamia named Miia, the newly-minted "Darling" quickly attracts girls of various breeds, resulting in an ever-growing harem flush with eroticism and attraction. Unfortunately for him and the ladies, sexual interactions between species is forbidden by the Interspecies Exchange Act! The only loophole is through an experimental marriage provision. Kimihito’s life becomes fraught with an abundance of creature-specific caveats and sensitive interspecies law as the passionate, affectionate, and lusty women hound his every move, seeking his romantic and sexual affections. With new species often appearing and events materializing out of thin air, where Kimihito and his harem go is anyone’s guess! [Written by MAL Rewrite]

Aquarion Logos
Synopsis: For thousands of years after its development, mankind used the written word for communication between people and generations. As millenia passed and technology became more prevalent, writing - and thus, communication as a whole - diminished, until it could only be found on cell phones and computer screens. Seeing an opportunity, the sorcerer Sogan Kenzaki starts infecting words with the Nesta Virus, which brings them to life and turns them into monsters called MJBK (Menace of Japanese with Biological Kinetic energy). To counter this attack against humanity, an organization known as DEAVA (Division of EArth Verbalism Ability) assembles a group of youths with the ability of "Verbalism". They have to pilot the vector machines, which are used to form the mechas dubbed "Aquarions". The one wild card in the situation is the self-dubbed "savior", a young man who is the direct relative of a famous calligrapher, named Akira Kaibuki.

Classroomâ\230\206Crisis
Synopsis: In Martian colony Fourth Tokyo lies a classroom of Kirishina Corporation’s brightest minds spearheading aerospace development: A-TEC, led by genius engineer Kaito Sera, eagerly anticipating the arrival of their newest member. It soon becomes clear, however, that the transfer student is hardly ordinaryâ\200\224Nagisa Kiryuu, newly appointed chief of A-TEC and the younger brother of the corporation’s CEO, is sent to shut the program down. To keep the classroom alive, Kaito and his students desperately work to develop a successor to their most powerful rocket, the X-2; meanwhile, Nagisa climbs the corporate ladder in pursuit of his own mission. In spite of this, their separate battles soon reveal that much more is going on in Kirishina Corporation than meets the eye. Classroomâ\230\206Crisis follows Kaito and Nagisa, as well as Kaito’s younger sister Mizuki and A-TEC’s test pilot Iris Shirasaki, in a story of intrigue, political warfare, and, against all odds, romance. created from public broadcasters such as NHK themselves. The remade version was still a p

Umi ni Ochita Tsuki no Hanashi (The Moon That Fell into the Sea)
Synopsis: The moon that fell into the deep sea woke up in the darkness. An angler fish came there. The moon explained why he fell into the sea, but the angler fish did not hear the story because he was absorbed in fishing. Eating a fish, he went away. A shark came next. He tried to take the moon to the sky, but he got too tired partway and left the moon. Crabs came. They carried the moon to the beach, because they needed the light of a full moon to lay their eggs. When they finished laying their eggs, they went home. The moon left alone on the beach was washed away by the waves and returned into the sea. The moon rolled down a hill and fell on a turtle. It was a very old turtle who should know a lot. The moon asked him how to go back to the sky. The turtle asked a ray in the sand to take the moon with him. The ray took the moon with him and dropped the moon in the deepest sea. The moon sank deeper and deeper. There was a big fish in the bottom of the sea. Wrapped in particles of light coming out from the mouth of the big fish, the moon emerged on the surface of the sea and melted. Did the moon return to the sky? This animation can be inter

preted differently by different viewers. It can be interpreted, for example, as a story o
f the moon that fell into the sea whether in reality or in a dream, or as a story of an o
ld moon that had to die for the birth of a new moon, or as a story of a soul heading for
heaven. Whatever interpretation viewers make, the story conveys a positive message that w
e are all allowed to exist. Represented by this animation is a small world gently embraci
ng us all -- transient existence... (Source: YouTube)

Immediately convinced that he has found a sport he can excel at despite his short stature, he signs up, though Iwashimizu declines. Taimanin Asagi 2
Synopsis: One year has passed since the Chaos Arena was destroyed, Asagi and Sakura were presently on an abandoned street on a man-made island that floated on top of Tokyo Bay. It was an enormous box-shaped island built by the government and referred to as "Tokyo Kingdom." There was hope that it would become a second city center floating at sea, but it had failed to attract businesses. The only way of getting to and from the island was through Honshu Island over the 10 kilometer Tokyo Kingdom bridge. Unfortunately, this narrow route was the means in which the inhabitants of hell found their way onto the island, luring anarchists, criminals, and even illegal immigrants there, transforming the streets of the sea bound city into a world-renowned haven for danger. However abandoned the streets were, order did exist in such a place despite it being a breeding place of crime. There was a business district at the heart as well as one of Asia’s greatest prostitute grottoes. Whether or not it was only the strong who survived, the viability of living there required one not to be careless in making friends with the strong. (Source: Dark Translations)

Renai Boukun (Love Tyrant)
Synopsis: When a strange girl named Guri comes knocking at Seiji Aino’s door, he quickly finds himself thrust into a world of romantic troubles. Claiming that she will die if he doesn’t kiss someone within 24 hours, Guri’s pleas of desperation are misunderstood as pleas for love, leading Seiji to kiss the cute stranger that came barging into his house. In actuality, it turns out that this cosplaying cupid is the wielder of a Kiss Note, in which any pairing of names she writes will kiss and become a couple. Guri explains that she

misspelt and accidentally wrote Seiji’s name while indulging in her yaoi fantasies, but because she had yet to pair him with anyone, their kiss was meaningless. Even worse, Guri reveals that if Seiji is not coupled with anyone soon, not only will she die, but Seiji will remain a virgin for eternity! Eager to escape his fate, Seiji sets his sights on the beautiful and popular Akane Hiyama. But after Akane hears that he kissed Guri, she revea ls the obsessive and psychopathic feelings that she holds for the unfortunate boy and pro ceeds to viciously attack them. In the ensuing confusion, Guri is able to pair Seiji with Akane in the Kiss Note, temporarily saving Seiji from any further bodily harm. But to co mplicate matters, Guri’s newfound feelings lead her to also pair the two of them with her self. Just when the situation could not get any more convoluted, this new coupling with G uri has turned Seiji and Akane into temporary angels, forcing them into assisting the cup id with her work of pairing humans, lest they be cast into hell. With all semblance of no rmality snatched from his life, Seiji gets to work at matchmaking with these eccentric gi rls by his side. [Written by MAL Rewrite]

Synopsis: On a quiet and peaceful day, the skies split open and extradimensional beings, designated as the Unknown, launch a swift and brutal attack against humanity. To protect the future of the country, all of Japan’s children are cryogenically frozen until the end of the war to keep them out of harm’s way. Several years pass, and humanity has established a foothold in a corner of Japan, which now serves as the frontline of the war. No longer facing humanity’s extinction, the children are awakened from their slumber. It is then discovered that, while in cryogenesis, the children had developed Worlds, supernatural powers unique to each person. The six most powerful children are given command of the reclaimed cities, using their powers to defend the strongholds against the continuing invasion. Childhood friends Ichiya Suzaku and Canaria Utara lead Tokyo, siblings Kasumi and Asuha Chigusa manage Chiba, and Maihime Tenkawa and Hotaru Rindou oversee Kanagawa. Over time, the almost routine attacks from the Unknown and the clashing personalities of the city heads and subheads cultivate petty rivalries, leading to constant arguments between the three cities. With the Unknown suddenly increasing the pressure of their attacks, the three cities’ leaders must learn how to work together or risk losing the last line of defense against humanity’s extinction. Kuroko no Basket Movie 1: Winter Cup - Kage to Hikari
Synopsis: Seirin High School’s Basketball Team is looking for new talent to join them as they enter their second year of operation. While they struggle to increase their numbers, freshmen recruits Taiga Kagami and Tetsuya Kuroko compensate for it in terms of quality. Kagami is a basketball prodigy hailing from America, while Kuroko’s less-than-average physique conceals the fact that he was part of Teikou Middle School’s famous "Generation of Miracles" Basketball Team. After training to become a more cohesive team, Seirin faces a major setback during the Interhigh championship when it faces off against Touou Academyâ\200\224the new home of Kuroko’s former teammate Daiki Aomine. Jaded by the lack of competition, Aomine single-handedly overwhelms Kagami and Kuroko’s newfound "light and shadow" partnership, claiming that they will never be able to surpass him or his "light." Now that the Winter Cup has rolled around, the reignited Seirin is out for vengeance against Touou. Although the team has been training relentlessly, it may not be enough to take down their rival, as Aomine carefully begins to see through Kuroko and Kagami’s tricks. [Written by MAL Rewrite]

Kuroko no Basket Movie 2: Winter Cup - Namida no Saki e
Synopsis: Seirin High School’s quarterfinal opponent in the Winter Cup is the highly defensive Yousen High School. Much of their "Shield of Aegis" defense is thanks to Atsushi Murasakibara, one of Tetsuya Kuroko’s former "Generation of Miracles" teammates, and Tatsuya Himuro, a skilled player who has a history with Taiga Kagami. Unable to settle their previous score, Kagami and Himuro resolve to use this high-stakes match to determine the superior player. At the same time, Kuroko’s past gripes with his former teammate make the atmosphere on the court even more intense. If they manage to make it past Yousen, Seirin’s old rivals at Kaijou High await them in the semifinals, including another of Kuroko’s former teammates, Ryouta Kise. Figuring out how to dismantle Kise’s "Perfect Copy" will be the key to Seirin’s victory, but this may be a tall order when they realize that Kaijou’s star has learned to copy the other Miracles’ playstyles. Synopsis: As Kobayashi sets off for another day at work, she opens her apartment door only to be met by an unusually frightening sightâ\200\224the head of a dragon, staring at her from across the balcony. It turns out that the stoic programmer had come across the dragon the previous night on a drunken excursion to the mountains, and since the mythical beast had nowhere else to go, she had offered the creature a place to stay in her home. Thus, Tooru had arrived to cash in on the offer, ready to repay her savior's kindness by working as her personal maidservant. Though deeply regretful of her words and hesitant to follow through on her promise, a mix of guilt and Tooru's incredible dragon abilities convinces Kobayashi to take the girl in. Despite

being extremely efficient at her job, the maid's unorthodox methods of housekeeping ofte
n end up horrifying Kobayashi and at times bring more trouble than help. Furthermore, the
circumstances behind the dragon's arrival on Earth seem to be much more complicated than
at first glance, as Tooru bears some heavy emotions and painful memories. To top it all
off, Tooru's presence ends up attracting several other mythical beings to her new home, b
ringing in a host of eccentric personalities. Although Kobayashi makes her best effort to
handle the crazy situation that she has found herself in, nothing has prepared her for t

Oscar's Oasis
Synopsis: Oscar is a lizard living in a non-specific desert that has features from severa l different real deserts, like the Sahara, Kalahari Desert, and North American deserts. A n asphalt concrete highway runs through the area, used from time to time by various cargo trucks. Oscar is generally searching for food or water; he sometimes discovers liquid, i n bottles or elsewhere, but is usually frustrated from recovering it for drink. An oasis supplies the only fresh water in the area, but its thick population of irascible and hung ry crocodiles renders it inaccessible. At considerable personal risk (lizard is a delicac y for chickens), Oscar occasionally manages to steal an egg from a nearby hen coop, and h

e sometimes explores one of the piles of trash that litter the parched landscape. Popy, a fennec fox; Buck, a vulture; and Harchi, a hyena, inhabit a derelict school bus situated on a neighboring hill, but they mostly race about on a cast-off warehouse or grocery car t powered by Harchi and directed by Popy. Like Oscar, the trio constantly search for food and water - often competing with him, sometimes abusing him as a means, but occasionally cooperating with him when it suits their purpose. The main characters often find themsel ves falling off cliffs a la Wile E. Coyote chasing the Road Runner, wherein the law of gr avity is briefly suspended while the character comes to realize their imminent doom. (Sou rce: Wikipedia)

Little Witch Academia (TV) (Little Witch Academia)

After her perilous journey, she befriends the shy Lotte Yansson and the sarcastic Sucy Manbavaran. To her utmost delight, she also discovers Chariot's wand, the Shiny Rod, which she takes as her own. Unfortunately, her time at Luna Nova will prove to be more challenging than Akko could ever believe. She absolutely refuses to stay inferior to the rest of her peers, especially to her self-proclaimed rival, the beautiful and gifted Diana Cavendish, so she relies on her determination to compensate for her reckless behavior and ineptitude in magic. Godzilla 1: Kaijuu Wakusei (Godzilla: Planet of the Monsters)
Synopsis: Twenty thousand years after the fall of humanity, Earth succumbed to legions of ravenous creatures who now freely roam the planet. Far away in the depths of space, the last surviving members of humanity float aimlessly in the same ship they escaped Earth with so many years ago. With the spacecraft running dangerously low on resources, the survivors' leading council must decide on their path forward: should they continue to gamble on finding another Earth-like planet to inhabit, or take to heart an anonymous essay theorizing what may be the only weakness of the "Godzilla," who forced the last remnants of humanity off their home world? The author of the controversial essay is Haruo Sakaki, a man who witnessed the death of his parents to Godzilla at a young age, which has led him to harbor an obsessive hatred for the monster. Now, he spearheads the operation aimed at reclaiming humanity's birthright from the king of monsters and slaying him once and for all. But, alongside humanity, Earth has undergone drastic change since their departure; Godzilla and its numerous spawns may pale in comparison to the darkness lurking within the hearts of this close-knit community of survivors. Shuangsheng Lingtan (Twin Spirit Detectives)
Synopsis: There is always more to the world than meets the eye. This is the motto that tw
in brothers Sun Xiaotu and Sun Xiaohu follow in their lives as paranormal investigators,

where what may be terrifying to some is just another day at work. Normally, it is simple for them to separate their daily lives from their job, but when they go to investigate a seemingly typical haunting of a pair of twins, a series of bizarre events throw their perception of the supernatural world into question as they become a target of the hauntings themselves. The further the brothers search for answers to the paranormal mysteries thrown at them, the hazier the lines between truth and fiction become. Through the challenging and sometimes dangerous adventures ahead, one question remains: what kind of secrets are the ghosts trying to hide from them, and are they already more connected to the spirits than they originally thought?
